

Summer 2019 Examinations - PTEM values

Below please find a table displaying PTEM values for summer 2019 mathematics examinations in the Department of Mathematics. Information will be displayed only for modules with ten or more candidates.

The following is taken from the **Scheme for the Award of Honours in Mathematics 2018-2019**:

“SCALING

Within the Department the total raw mark from each module assessment is rescaled in the following manner so that overall performances from different modules may be compared.

Rescaled marks are on a 0-100 scale. For each module, numbers P, T, E & M are selected so that P raw marks corresponds to the pass mark (40 scaled marks on M1, M2, M3 modules; 50 on M4 modules), T raw marks corresponds to the 2:1/2:2 boundary at 60 scaled marks, while E corresponds to the 1st class border of 70 scaled marks, while the nominated maximum mark M scores 100 scaled marks.” (p.2)

Please see additional documentation in the UG Handbook and Scheme for the Award of Honours for more information about examinations regulations in the Department.

Module	P	T	E	M
M1A1	26.5	53	63	100
M1C	40	60	70	100
M1F	34	60	70	100
M1GLA	39.9	60	70	100
M1J1	33	55	65	100
M1J2	34	55	65	100
M1M1	35	55	65	100
